

APR

2013 Midwest APR distributor of the year

**We can tune your car in house
and we keep a large selection
of hardware in stock so we can
install it when you want it!**

**Your alternative to the common
repair facility. Providing honest
diagnosis and service, PHP will give
you peace of mind and confidence
in getting your vehicle serviced
without worrying about being taken
advantage of.**

APR

We specialize in OEM and aftermarket performance parts and installation as well as General diagnosis and repair. We also offer high quality brands like APR, AWE, Eurocode, 034, Tyrol Sport, Wavetrac, Racingline, and many others. For a complete list, check out our website.

"State of the art equipment. Outstanding service. Good people. This is the only independent Audi/VW shop I trust..."

PHP Quality Standard

With former factory-trained and certified VW/Audi technicians, the "Fixed Right First Time" award while working for VW, and 8+ years of dealer level Audi experience, We have invested in the necessary training, take pride in our work, and will provide your vehicle with the best technical service possible. Guaranteed.

PHP Specialists focuses on late model Volkswagen, Audi, Porsche and BMW repair. We are your alternative to the common repair facility, where you get dealer quality at a fraction of the cost.
